PATIENTS' PROFILE

Age wise distribution of patients

Affected leg

Occupational status

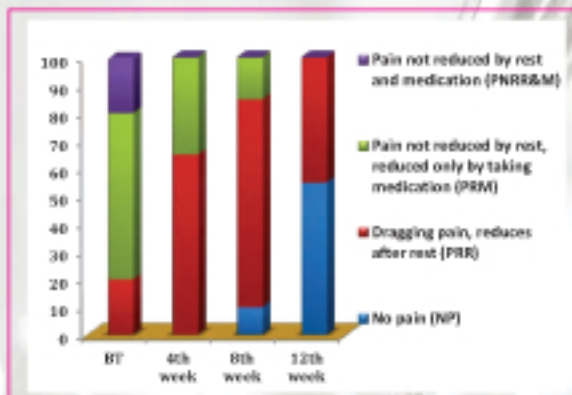

SAMPLE SIZE: 40 patients

DURATION: 90 Days

Effect of Arborium Plus® on the test parameters

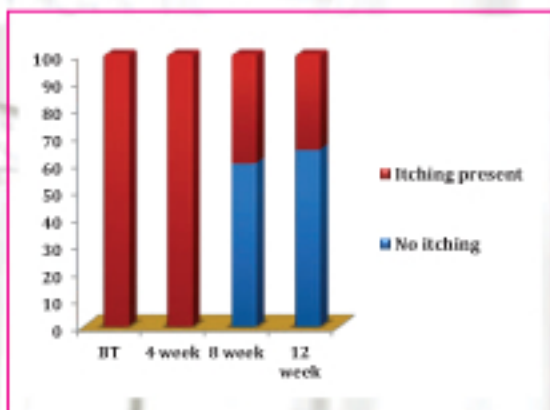

PAIN

80% improvement in pain was observed after treatment with Arborium Plus®

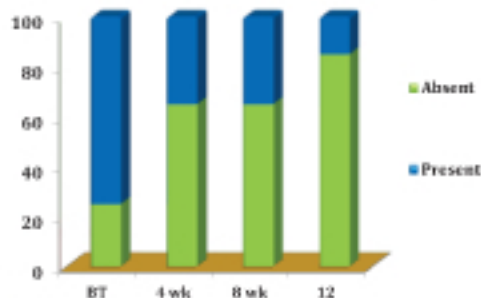

ITCHING

60% improvement in itching was observed after treatment with Arborium Plus®

Effect of Arborium Plus® on the test parameters

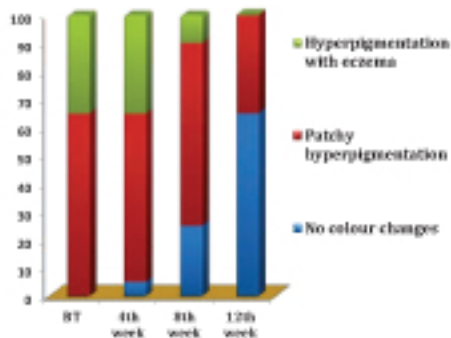

ANKLE OEDEMA

60% improvement in ankle oedema was observed after treatment with **Arborium Plus®**

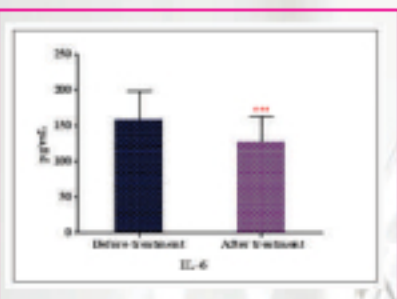

65% improvement in skin problems was observed after treatment with **Arborium Plus®**

SKIN CHANGES

Effect of Arborium Plus® on the inflammatory markers

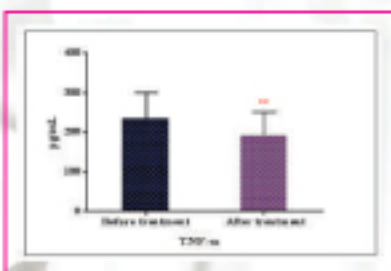

INTERLEUKIN - 6

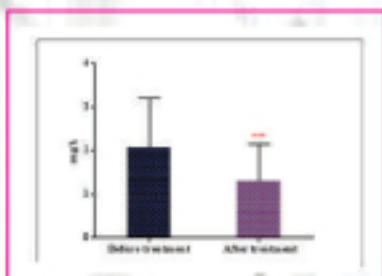

Significant reduction in Interleukin - 6 at 1% level after using Arborium Plus®

TNF - α

Significant reduction in TNF - α at 5% level after using Arborium Plus®

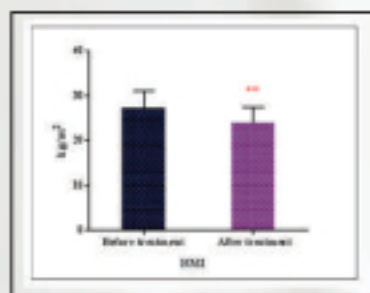

hs-CRP

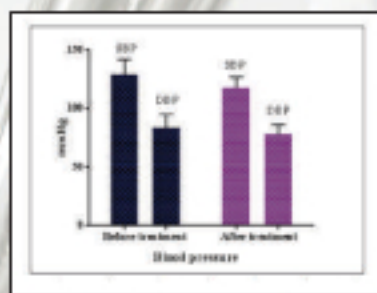

Significant reduction in hs-CRP at 1% level after using Arborium Plus®

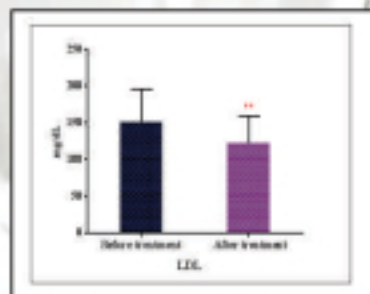

Usage of Arborium Plus[®] is also significantly beneficial for

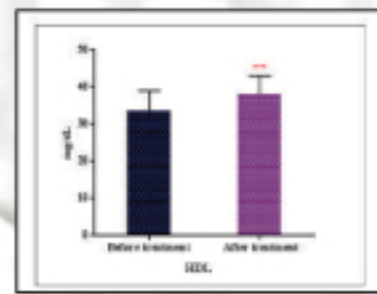

Reduction in BMI

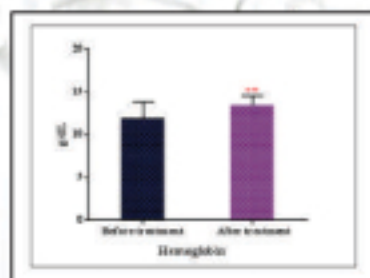

Reduction in Blood Pressure

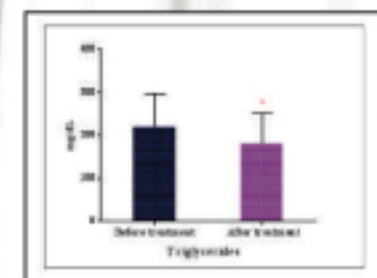

Reduction in LDL

Improvement in HDL

Improvement in Hemoglobin

Reduction in Triglycerides

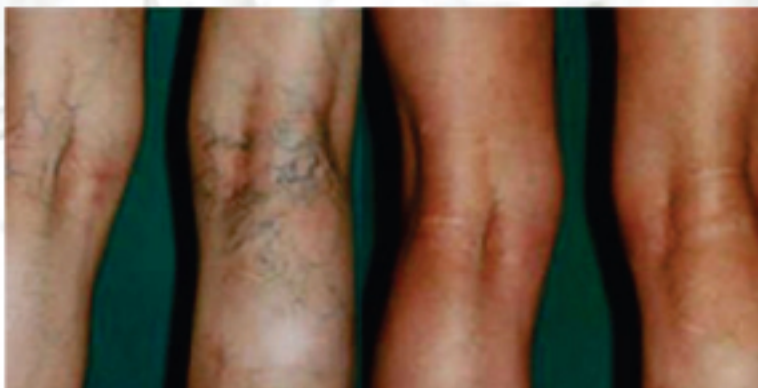

Usage of Arborium Plus[®] significantly reduces Varicose Veins

A VISUAL CONFIRMATION

BEFORE

AFTER

BEFORE

AFTER

Arborem Plus[®]

is a **Sugar Free** oral herbal liquid formulation made out of rare Himalayan herbs like
Seabuckthorn (*Hippophae rhamnoides* Ames)
and
Rhododendron (*Rhododendron arboreum*)

SEABUCKTHORN

- Has broad therapeutic benefits due to Vitamin rich composition.
- It is known to be a vaso-constrictor and circulatory decongestant.
- Vitamin P and **flavonoids**, especially Rutin, reduces the permeability and fragility of capillary vessels.
- In addition, Rutin reduces blood clotting which is especially important in Varicose Veins

RHODODENDRON

- It acts as a detoxicant, is highly P-vitamin active, protecting against capillary fragility, and is an excellent free-radical scavenger.
- Normalizes blood circulation
- Helps reduce swelling in the legs
- Strengthens blood vessels

DOSAGE: 10ml BD for 90 days or as advised by the physician
